NEWS FROM THE WOLF PACK

Dear Families,

There has been much rumour and speculation regarding the recent Hold & Secure at Whiteside. The incident that took place was: A male wandered onto the playground at recess. He approached a group of students from behind and touched the shoulders of one of them and then wandered off the playground. The students reported the incident to teachers immediately.

The description of the male has been given to the RCMP and they are investigating. To date, there have not been any other reports of incidents similar to this one. After speaking with the boys at length, the RCMP do not believe this individual had any malicious intent to put students at risk.

We are reviewing with our students the importance of letting an adult know right away if someone is in our play area that they do not recognize. We are also going over the boundaries of our play area and that all students need to be sure that an adult is in sight at all times while they are outside. ***Please reinforce this with your children at home.***
