5:00 – 8:00

Dear Families,

The hallways and classrooms are filled with student work showcasing their understanding of Reconciliation and Respect as they have learned about the history of Residential schools in Canada. Many, many students and staff wore orange on Monday and on Friday at our assembly. Teachers have shared books, inspired writing and engaged their classes in projects to help their students come to a deeper understanding of the reason we wear orange shirts.

Next week looks like a quieter week. Teachers are looking forward to a week of learning, being productive and building community.

We wish you all a very happy weekend.
