Throughout the school year many classes participate in a variety of Outdoor Walking Field Trips such as Walking Wednesday, wilderness/nature explorations, getting-to-know your community, participation in Outdoor Classrooms, and various other activities that require a short walk to and from the school.

The purpose of this letter is to inform you about Outdoor Classrooms and Walking Field Trips that your child may participate in during the year. Your signature on the attached Consent Form confirms that you are aware of the information provided in this letter, acknowledge the inherent risks of the field trip, and give permission for your child to participate in these Walking Field Trips throughout the school year.

Outdoor Classrooms and Walking Field Trips provide your child with an opportunity to explore and participate in various outdoor studies with classmates within walking distance of the school. Please ensure that your child always comes to school with appropriate jackets/sweaters, footwear, and a toque or sunhat (when appropriate).

On this school sponsored field trip, your child is expected to behave safely and abide by the District Code of Conduct and we ask that you review these expectations with your child.

Please note that there are risks and precautions inherent in participation in all of the activities associated with this trip, and there is a possibility of personal injury, death, property damage or loss resulting from the activities. Accidents can be the result of the nature of the activity and can occur with or without any fault on either the part of the student or the school board or its employees or agents or the facility where the activity is taking place. Some inherent risks and precautions, as outlined in the new 2018 YSO/YouthSafe Outdoors Field Trip Resource (Safety First!) include the following:

- Injuries related to vehicle-pedestrian incidents;
- Becoming lost or separated from the group or the group becoming split up;
- Injuries related to slips, trips, and falls at the site or en route to/from it;
- Sub-optimal weather or significant weather changes creating adverse conditions students not properly dressed for;
- Allergic reactions to natural substances (e.g., bee or wasp stings);
- Injuries related to interactions with animals and plants in the environment; and
- Other risks normally associated with the activity and environment.

If your child requires any special accommodations for these field trips, please advise your child's teacher. As with all school-related activities, all students will be supervised during these field trips. If you have any questions about Outdoor Classrooms or Walking Field Trips, please let your child's teacher know or contact us at the school office.

Please keep a copy of this letter for your records and return the consent form.

Thank you for your support!

Sincerely,

Brett Cameron
Principal
