- Apr. 2** **Good Friday – School Closed**

NEWS FROM THE WOLF PACK

Dear Families,

We have now entered the most important learning segment of the school year, and students are participating in a wide variety of learning experiences. Please follow us on Twitter @whitesidewolves to see some of the activities that are occurring.

For those students in Grades 4 and 7, the Foundational Skills Assessments (the "FSAs") have been postponed. They will now be occurring from February 15th to March 12th. Parents will be receiving information letters as soon as they become available.

For families in Transitional Learning, you may have noticed that there have been some changes to the weekly schedules. This reflects a Richmond School Board decision to have less check-ins from the classroom teacher. Students will continue have access to learning activities in all subject areas through district webinars and contact with school teachers.

Notice of Intent to Attend Forms for 2021–2022 are being sent home this week. The information gathered from these forms allows us to plan for the next school year. Please complete and return them to your classroom teachers by **Friday, January 22nd**.

Have a good weekend!
